

For Inquiries about FHA Appraiser Approval:

YOU WANT TO BE ON THE ROSTER

If you are wanting to get on the FHA approved appraiser roster, you will be required to hold a valid real property appraiser license or certification, pass a test and apply to FHA.

To apply you must complete a form HUD-92563 - "Fee or Roster Designation - Application for Fee Personnel Designation". You will need to also include a photocopy of a valid State appraiser's license or certification.

You will also need to include a certification you have passed the examination required by FHA. The examination is administered by Prometric. The Prometric's registration phone number is 1-800-503-8991. You can arrange to take the examination by calling that number.

You will not receive a confirmation letter if you are added to the roster. You will receive a letter of denial if you are not. Be sure to check the roster to see if you have been approved.

The following is a link to the FHA Appraiser Roster page. This page goes into detail regarding what you need to do to become an approved appraiser for FHA. It also has a link to the FHA roster.
